

Management Stage 1 for In-house Lawyers - 7 Hours CPD

'Very insightful to have such a tailored course for the unique job I do'

I found the course far more useful than expected and will make changes to the way I work as a result of this.

Aviva

Benefits

This MCS1 course is designed specifically for in-house lawyers whether in the public sector or industry. The aim of the course is to give you an introduction to the management issues relevant to an in-house department and the associated personal management skills.

Topics covered on this course will include:

- The different purposes and roles of an in-house lawyer
- Understanding the internal client
- Business and legal risk management
- Effective communication skills of listening, building rapport and influencing
- How to lead when you are not in charge
- The four steps to becoming a trusted adviser
- Setting objectives
- Leadership and management skills
- Managing people
- Managing external legal advisers
